The Commission's policy is to schedule hearings (meetings, workshops, etc.) in locations that are accessible to people with disabilities.

The CPUC encourages all Californians to participate in its meetings, hearings, workshops, and proceedings. We try to hold our public meetings only in places that are wheelchair accessible and which can accommodate specialized equipment and other services useful to people with disabilities. Please see the notice of the meeting you wish to attend for more specifics.

If you plan to attend and need specialized accommodations for a particular meeting that are not listed in the notice, request them from the Public Advisor's Office at least three business days in advance of the meeting. Contact the Public Advisor's Office by any one of the following:

September 30, 2004 9 am – 4 pm	
October 20, 2004 10 am – 4 pm	
October 21, 2004 9 am – 4 pm	

The Water Division is hosting a continuation Workshop August 25 and 26, 2004; September 14, 29, and 30, 2004; and October 20 and 21, 2004, to solicit public input on the need for modification of the Rate Case Plan for Class A Water Utility General Rate Applications (Commission Decision 90-08-045).

The purpose of the workshop is two fold:

To identify the least controversial issues in the Draft Proposed Rate Case Plan for Class A Water Utility General Rate Applications prepared by the Water Division and;

To discuss the necessary components of an interim rate case plan schedule for year 2004.

For your information, the Draft Proposed Rate Case Plan for Class A Water Utility General Rate Applications can be found on the Commission website at <http://www.cpuc.ca.gov>. (Go to the “Regulated Areas,” select “Water” and scroll down to

“Helpful Links”).

Questions regarding the workshop should be addressed to Peter Liu of the Water Division at (415) 703-1390 (ptl@cpuc.ca.gov).

4/13/04 R02-01-011 Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

Summary: AUGMENTATION REQUIRED. On April 9, 2004, William H. Booth, counsel for the California Large Energy Consumers Association (CLECA), met with Cmmr. Brown and Julie Fitch, advisor to Cmmr. Peevey, in two separate meetings. At the meeting with Cmmr. Brown also present was David Gamson, advisor to Cmmr. Brown. Brett Guge and Hal Parker of California Steel Industries, Inc. and Michael Jasberg of Mitsubishi Cement attended both meetings. Booth explained that CLECA has filed a petition for modification of D03-04-030. Booth stated that D03-04-030 is clear that self-generation customers that qualify among the initial 3,000 MW of such load are not responsible for ongoing Department of Water Resources (DWR) power charges, but that it does not expressly address the question of DWR power charges during the period before the direct access (DA) customer moves to self-generation. Guge and Jasberg explained that each of their firms is actively considering and planning self-generation project. Guge and Jasberg stated that the inclusion of \$5 million to \$10 million of CRS undercollection liability, comprised largely of DWR power charges for historic periods, would render the projects uneconomic. Booth urged the Commission to consider a modification of D03-04-030 to clarify any CRS undercollection liability of a DA customer that moves to self-generation, if any, will not include DWR ongoing power costs during the period the customer was served with DA service.

Summary: LATE FILED. On April 9, 2004, John P. Hughes, Manager, Regulatory Operations, Southern California Edison Company (SCE), met with Julie Fitch, advisor to Pres. Peevey, in San Francisco. Written materials (attached to the notice) were used. Hughes addressed some of the disallowances contained in the proposed decision. Hughes stated that the proposed \$10 million disallowance of SCE's Information Technology expenses should not be adopted. Hughes also explained that the proposed disallowance for low emission vehicles should be rejected. Hughes discussed other proposed disallowances of operating expenses such as nuclear O&M expense and distribution-related items. Lastly, Hughes discussed depreciation. Hughes stated that by failing to adopt SCE's request for increasing depreciation for negative salvage, future ratepayers will be burdened and customers will pay higher rates because rate base will be artificially inflated.

4/19/04 A01-10-011 Pacific Gas and Electric Company (U 39 G), Proposing a Market Structure and Rules for the Northern California Natural Gas Industry for the Period Beginning January 1, 2003 as Required by Commission Decision 01-09-016.

Summary: On April 15, 2004, Eric Eisenman, Chief, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Roosevelt Grant, advisor to Cmmr. Peevey, and Trina Horner, advisor to Cmmr. Lynch, in two separate meetings in San Francisco. Eisenman stated that the ratemaking treatment adopted in D03-12-061 for the Redwood Path expansion built in 2002 was inappropriate, and unfairly deprives PG&E of the opportunity to earn its authorized return on these facilities. Eisenman asked that PG&E's petition for modification of D03-12-061 be granted. Citing the Energy Action Plan, the Commission's ongoing rulemaking on long-term gas supplies (R04-01-025), and the California Energy Commission's Integrated Energy Policy Report, Eisenman explained that the at-risk adjustment is contrary to the State's policy to encourage construction of gas infrastructure. Eisenman also explained that applying the at-risk adjustment to these new facilities creates a disincentive to PG&E to expand its gas transmission system in the future.

4/19/04 R04-01-025 Order Instituting Rulemaking to establish policies and rules to ensure reliable, long-term supplies of Natural Gas to California.

Summary: On April 16, 2004, Marzia Zafar, CPUC Relations Manager for Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Written material (attached to the notice) was used. Zafar reiterated SoCalGas/SDG&E's need to have a decision on Phase I by June 2004 in order to gain Commission authorization to allow adequate time for the relevant interstate capacity negotiations. Zafar also described the benefits of rolled-in ratemaking for expanded facilities, and SoCalGas/SDG&E's desire to have the Commission issue a decision in Phase 1 that provides overarching policy guidelines dealing with supply access, integration of the SDG&E and SoCalGas transmission systems, and firm access rights.

R01-10-024

Order Instituting Rulemaking to Establish Policies and Cost Recovery Mechanisms for Generation Procurement and Renewable Resource Development.

Summary: On April 16, 2004, Scott Blaising, outside counsel for the City of Escondido (City), met with Cmmr. Wood, in the City of Escondido. Also present were Clay Phillips, City Manager, and Jeffrey Epp, City Attorney, for the City. Epp provided a summary of the City's previous efforts to develop property on which the proposed Palomar Energy Project is to be located. Blaising described the expectation of the City to receive franchise fee payments on natural gas delivered to the Palomar Energy Project, and the need for an agreement between San Diego Gas & Electric Company (SDG&E) and the City on franchise fee payments should the project be transferred to SDG&E. Blaising commented that the City favors the alternate of Pres. Peevey, since it would specifically approve SDG&E's ratemaking proposals, including the proposal by SDG&E to make in-lieu franchise fee payments to the City. Blaising explained that, while the proposed decision (PD) did not specifically reject SDG&E's proposal to make in-lieu franchise fee payments to the City, the PD created ambiguity on this issue since it deferred all ratemaking issues.

Lorenz discussed the grid reliability needs of the SDG&E system absent Valley Rainbow transmission, financial issues – including Rate of Return and debt equivalency and transmission planning. Lorenz expressed support for the Peevey alternate and urged quick Commission action in order to provide the grid reliability resources necessary to protect the SDG&E system and its customers.

Order Instituting Investigation into implementation of Assembly Bill 970 regarding the identification of electric transmission and distribution constraints, actions to resolve those constraints, and related matters affecting the reliability of electric supply.

Summary: **LATE FILED.** On April 15, 2004, William H. Booth, counsel for the PPM Energy, Inc. (PPM), participated in a conference call with Julie Fitch, advisor to Cmmr. Peevey. Also participating were Peter VanAlderwerelt, Senior Vice President for Power Business Development, and Jon Fischer, Manager of Transmission, for PPM. Booth explained that PPM is interested in the development of a collaborative study of transmission needs and upgrades in the Tehachapi area. VanAlderwerelt explained PPM's recent work in developing wind resources. VanAlderwerelt noted that PPM has plans for wind development in the Tehachapi area, and that it is satisfied with the substantial progress to date of plans for transmission upgrades necessary to accommodate its proposed wind project. VanAlderwerelt stated that PPM supports the concept of a collaborative study of transmission needs for Tehachapi, but hopes that the Commission will not permit that process to delay those transmission projects that are currently moving forward under the existing procedure. Fischer explained the current status of PPM's work on transmission

upgrades for its proposed Tehachapi wind development.
